

ATA-21 Carrying Case

ATA-21 is a deluxe carrying case that makes an excellent choice for packing and carrying the equipment. It holds 21 Enersound R-120 FM receivers, a transmitter or two (depending on the transmitter type) and headphones.

The ATA-21 is made of ABS laminate plastic, latches and handles, metal corners & HD foam. ATA cases are the perfect choice for shipping your R-120 safety from shocks.

MSRP: \$329
